# LWS & ZEPHYR

## LWS

SKU: Z-LWS

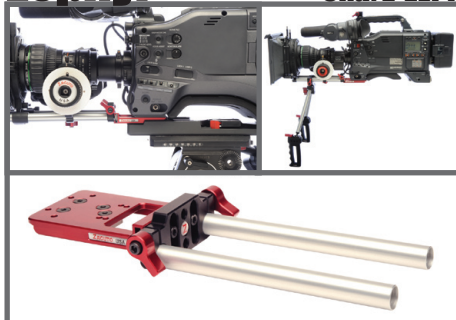

- Universal - works on all 2/3" Sony and Panasonic cameras that use the V-wedge tripod adapter plates (not included)
- Works with 1/2" cameras like the JVC GY-HD200 series and the Canon XL-H1 with V-wedge adaptor plates
- Works in conjunction with the Sony/Panasonic tripod adapter plate
- Adjustable - the 15mm rods adjust up, down, left and right to align your matte box and/or follow focus to the lens of the camera
- Includes a Zacuto Double Z-Release for attaching products like Zamerican arms or ZUD's directly to the Z-LWS. The Double Z-release is on a track and can move in or away from camera and be used on either side
- Includes a set of 8" extendable rods

**List: \$850**

## Zephyr

SKU: Z-ZEPH

- Works on all Sony and Panasonic ENG style cameras that use the V-Wedge tripod adapter plates (not included)
- Adjustable- the 15mm rods adjust up, down, left and right to align your matte box and/or follow focus to the lens of the camera
- Unique design- light weight and strong with an opening at the bottom that gives room for adjusting buttons in the lower front of the camera
- Includes a set of 8" extendable rods

**List: \$625**

## Zephyr300 SKU: Z-ZEPH300

- 15mm lightweight support plate custom made for the Panasonic HPX300 which is a non-standard design
- Works in conjunction with the Sony/Panasonic tripod adapter plates (not included)
- Adjustable- the 15mm rods adjust up, down, left and right to align your matte box and/or follow focus to the lens of the camera
- Unique design- light weight and strong with an opening at the bottom that gives room for adjusting buttons in the lower front of the camera
- Includes a set of 6.5" extendable rods

**List: \$565**

## Zephyr700 SKU: Z-ZEPH700

- 15mm lightweight support plate custom made for the JVC GY-HM700UXT & JVC GY-HM700U
- Works in conjunction with the Tripod adapter plate (not included)
- Adjustable- the 15mm rods adjust up, down, left and right to align your matte box and/or follow focus to the lens of the camera
- Unique design - light weight and strong with an opening at the bottom that gives room for adjusting buttons in the lower front of the camera
- Includes a set of 6.5" extendable rods

**List: \$565**
